

# AIRCRAFT RENTAL AGREEMENT ADDENDUM

## FOR CROSS-COUNTRY FLIGHTS

SoaringNV, LLC, agrees to rent gliders to: \_\_\_\_\_ (referred to in this Agreement as "Pilot") for the purpose of cross-country flights (any flight where the glider is not within a conservative gliding distance of the Minden-Tahoe Airport) on the following terms and conditions. This Agreement becomes effective only after signed by Pilot and SoaringNV, LLC.

\_\_\_\_\_ By initialing here, Pilot acknowledges the following:

- Pilot has successfully completed a Cross-Country check out from a SoaringNV instructor.
- Pilot has met the requirements for the SSA Silver Duration, and Bronze Badges.
- Pilot will obtain a weather briefing, including any applicable TFRs and NOTAMs along the expected flight path.
- Pilot will fly airport-to-airport, i.e. Pilot will always stay within a conservative gliding distance of an airport.
- Pilot is familiar with navigation and glide slope management techniques (computer based or manual) which will allow him/her to maintain a conservative glide to an airport.
- Pilot acknowledges SoaringNV's policy and pricing on ground and air retrieves and represents he or she is prepared for an off field landing.
- Pilot will be responsible for any damage to the glider, other aircraft and property, while the glider is in his or her control in the air and on the ground.
- Pilot may encounter hazardous weather conditions and s/he will take action to protect him/herself and others from injury.
- Infraction of rules will result in revocation of renting privileges.

Pilot accepts responsibility for damage to the aircraft as a result of Pilot error. Pilot also assumes all responsibility for damage to the aircraft while in Pilot's control. This includes damage which may result from turbulence, strong and dangerous wind, weather conditions in the air or on the ground, and other factors that are unrelated to the Pilot's skill.

Pilot will secure the rented aircraft and equipment at all times while on the ground to prevent damage or loss to other aircraft, equipment, vehicles and buildings. Should Pilot cause damage to SoaringNV's property, or other property of others while Pilot is in control of the rented aircraft, Pilot will promptly pay for repair or replacement of all damaged property. In the event damage occurs to the aircraft while in Pilot's control, Pilot will reimburse SoaringNV for loss of use during the time required to repair or replace the aircraft.
